PROFESSIONAL EXPERIENCE :

QUIESTA Technologies Pvt. Ltd, React Developer Intern   **June 2025 – Nov 2025**
- Assisted in building responsive web pages using HTML, CSS, JavaScript, React and modern UI frameworks.
- Collaborated with developers to improve website layout, performance, and user experience.
- Participated in debugging and testing activities to identify issues, fix bugs, and improve overall application stability.

OASIS Infobyte, Web Developer Intern   **Jan 2024 – Feb 2024**
- I learned to build responsive and user friendly websites using HTML, CSS, JavaScript and React.
- The internship enhanced my skills in Web Development and creating modern, visually appealing layouts.
- Worked on real-time projects, implementing responsive layouts and interactive components while following best practices in clean code and modern web design.

PROJECTS :

Event Pro :-
- A modern, responsive, and user-friendly Event Management platform built using React and JSON-Server. This project helps users easily explore event services, send inquiries, connect with the service provider, and view an estimated budget for their selected event.
- **Technologies Used:** HTML5, CSS3, JavaScript, Bootstrap, React & JSON
- **Live Link :** https://event-proo.vercel.app

Work India :-
- Work India is a service platform website designed to connect users with professional workers such as plumbers, electricians, painters, and more. The platform provides a simple, responsive, and modern interface where users can request services quickly and conveniently.
- **Technologies Used :** HTML5, CSS3, JavaScript, React, Bootstrap.
- **Live Link :** https://work-indiaa.vercel.app
